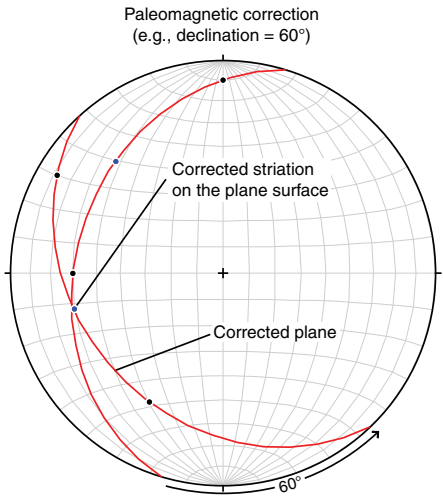
Plane including measured lines
Line on the cutting surface
(e.g., 0°, 10°)
40°
Striation on the plane surface
(e.g., 40° from 270°)
Line on the core surface
(e.g., 270°, 30°)



Paleomagnetic correction
(e.g., declination = 60°)
Corrected striation
on the plane surface
Corrected plane
60°
