TWT (s)
NW
SE
Line 386_Underway_015
Lower acoustically transparent layer
High amplitude reflector pair separating acoustically transparent layers
M0081A/ M0081B (projected)
Low amplitude seafloor reflector
Upper acoustically transparent layer
M0081E/ M0081F (projected)
M0081C/ M0081D (projected)
Basal high
Sharp boundary between basal layers and basin fill at margins
Diffuse boundary between basal layers and basin fill
Disrupted basal reflectors
500 m
30 m
Acoustically laminated package
