U1557D breccia of variably altered basalt clasts with calcite-zeolite cement

U1558D altered hyaloclastite and indurated calcareous sediment

U1558D Highly plagioclase -olivine- clinopyroxene phyric-pillow lavas

U1583F plagioclase-olivine phyric medium-grained basalt massive flow

U1583F breccia of broken basalt and altered glass clasts in an indurated calcaeous sediment matrix
