

**Structural Geology Cuttings Observation Sheet****Exp.:**      **Site:**      **Hole:**      **Date:**      **Summary:**

Cuttings #	Structure ID	# in Sandstone	# in mudstone (silt to clay)	# (Lithology not noted)	Comment	Miscellaneous
Observer	vein or mineral filled fracture					Cement Present?
	slickenline					
Depth (mbsf)	scaly fabric					Other observations/ sketches
	deformation band/ cataclastic band					
	drilling induced deformation					
Size (mm) > 4   or   1-4	bedding present?					
	no deformation					
	other :
