

Igneous unit lithologic name

- Aphyric basalt
- Sparsely phyrlic plagioclase basalt
- Gradation from sparsely phyrlic plagioclase basalt to highly phyrlic olivine-plagioclase basalt
- Highly phyrlic plagioclase basalt
- Sparsely phyrlic plagioclase-pyroxene basalt
- Moderately phyrlic plagioclase-pyroxene basalt
- Highly phyrlic plagioclase-pyroxene basalt
- Picrite layer
- Highly phyrlic plagioclase-olivine basalt
- Highly phyrlic plagioclase-olivine-pyroxene basalt
- Sparsely phyrlic plagioclase-pyroxene-olivine basalt
- Moderately phyrlic plagioclase-pyroxene-olivine basalt
- Highly phyrlic plagioclase-pyroxene-olivine basalt
- Highly phyrlic pyroxene basalt
- Highly phyrlic pyroxene-olivine basalt
- Sparsely to moderately phyrlic olivine basalt

Lithology

- Nannofossil-foraminifera chalk
- Carbonate intercalation
- Pillow lava flow
- Lobate lava flow
- Sheet lava flow
- Massive lava flow
